

## Superhero Syllogisms 3

Can you solve these Superhero Syllogism puzzles? Which conclusion follows from the given facts? All have the pattern:

FACT 1: SOME X ... Y

FACT 2: ALL who Y ... Z

Therefore we can conclude from these facts alone that

NEW FACT: SOME X ... Z

For example:

FACT 1: SOME supervillains ... are bank robbers.

FACT 2: ALL bank robbers ... get caught eventually.

Therefore we can conclude from these facts alone that:

NEW FACT: SOME superheroes get caught eventually.

---

1.

FACT 1: SOME superheroes ... are gods.

FACT 2: ALL who are gods ... are immortal.

What can we say from these two facts alone?

---

2.

FACT 1: SOME superheroes ... have lost a person they loved.

FACT 2: ALL who have lost a person they loved ... are sad.

What can we say from these two facts alone?

---

3.

FACT 1: ALL who can create ice ... like ice cream.

FACT 2: SOME superheroes ... can create ice.

What can we say from these two facts alone?

---

4.

FACT 1: SOME superheroes ... are scientists.

FACT 2: ALL who are scientists ... love their work.

What can we say from these two facts alone?

---

5.

FACT 1: SOME scientists ... have been bitten by radioactive animals.

FACT 2: ALL who have been bitten by radioactive animals ... gain superpowers.

What can we say from these two facts alone?
